Cubmaster's Corner

Happy Holidays to all you scouts and your families!

This year has gone by so fast, and we have done a lot. I would like to thank all of you scouters in doing your best though your trails as scouts this year. The leaders and I have spoke of the hard work that you boys are doing, and that's great to hear. Remember to have fun doing the work in your handbooks, and it will go by fast.

The holiday time is for you and your family to get together and have fun. Also, be a good scout and help with what your parents ask of you. You boys have made me proud to be your cubmaster this year, and remember to check our website for all that is coming up, and check out the pictures of what we have done.

Merry Christmas!

Cubmaster Tom

Holiday Delites Parade

This years holiday parade was a huge success. The boys did a wonderful job with getting the crowd into the spirit. They also did a great job with singing "Jingle Bells" for the judges. The judges loved it so much that the pack was awarded 2nd place in our category. Thank You, boys and Congratulations!

Parents, thank you for all the decorations and you hard work. We would not have had the success with out your help. Thank You. Another big Thank you to the Westberry Family for continuing to allow us to us their trailer. We have use the trailer for the past three parades. Thank You.

Christmas Caroling

WOW!! The boys did such a great job entertaining the men and women at the retirement home. They sang their hearts out. I do believe it helped with practicing the "12 days of Christmas" before, everyone knew it and really had a lot of fun.

Thank you to the Country Place Assisted Living, for allowing us to come back year after year. The boys really enjoy entertaining everyone, and getting everyone into that holiday spirit.

What the Dens are up to!

Tiger: December almost seemed like a blur this year! The TTTiger cubs only had one meeting this month, but it was packed with activities as we not only needed to learn about the Food Pyramid, we also had to make our decorations for the Christmas Parade! The Tigers had two cubs attend the parade and support the pack. It was great fun and we are looking forward to the next one. The Tiger Cubs are looking forward to having a Merry Christmas with our families and a Happy New Year as well!

With that having been said, it has been an awesome first year for not only the Tiger Cubs, but there leaders and parents too! So much has happened since August. From the boys all earning their Bobcat badge to them earning belt buckles for things like archery and roller skating, the Tigers have been a busy bunch and we don't show any sign of slowing down!

Looking forward to January's theme "Power UP!" the Tiger Cubs are going to be hopping as we learn about physical fitness and build on December's nutritional lessons. We can't wait to start building our Tiger muscles and who knows, may be even a new Tiger ROAR!

Wolf: No report at time of printing

Bear: The Bears have been very busy this last month with building their bird houses and building Gingerbread houses for the Assisted Living home. I am so very proud of all the boys Den 6, they have really shown that they can handle larger projects. I would also like to Thank all the parents in the den, the boys have been successful because of you. Thank You.

We still have so many thing that we are going to be able to do. And I am looking forward to having fun the rest of the year. Have a Merry Christmas and a healthy and Happy New Year!

Webelos I: As 2009 comes to a close we would like to reflect back on the fun scouting activities that Den 5 and Pack 151 have enjoyed this Fall.

Cub scout day camp, an ice cream social, a pumpkin carving contest, Scouting for Food, Christmas caroling and 3 parades! We wish all of our scouts, parents, leaders, and your families and friends Happy Holidays and a Healthy, Peaceful & Prosperous 2010!

Webelos II: Many people may ask what have the Webelos II's been doing since the beginning of the year. Well.....

We been busy! We have been Christmas caroling, went to a science fair, and even went camping in the Oakland Hills. While doing all of that we even squeaked in a few pins. We have earned the Athlete, Fitness, Science, and just finished up the Readyman pin. In doing all of that we have learned about what to look out for when hiking and camping. Poison Oak for one and how to keep wild animals from eating all of our food. Yes, Raccoons like trail mix but apparently don't care for the raisins! We have learned about the four basic food groups and how to exercise and eat properly.

It has been a very busy year for us, but we are staying on the trail to the Arrow of Light!
